Transforming Healthcare Systems Today

Christine Achre is presently the Founder and CEO of Community Health Solutions Group, a consulting firm dedicated to catalyzing community-based organizations interested in developing health care strategies to participate in Medicaid and Medicare programs.

As a trained clinician with expertise in trauma-informed care, Ms. Achre has provided services to homeless families since 1995 and has focused on program development, research, and clinical practice, geared towards the implementation of best practices for homeless families.

She has also worked within the children's mental health sector and was actively involved in the creation of system of care initiatives in Pennsylvania, New Jersey, and Indiana.

Additionally, Ms. Achre participated in Medicaid and managed care implementation in several states throughout the country including Pennsylvania, New Jersey, Indiana, Illinois, and California.

She has been actively involved with several key stakeholder groups in Chicago and has given several presentations at local, state, national, and international conferences as well as presented at a congressional briefing in the US on trauma-informed care within the homeless family system.

Additionally, she was selected to serve as an inaugural board member of the Bassuk Center with Dr. Ellen Bassuk, one of our country's foremost leaders and seminal researchers in advancing trauma-informed practices with homeless women and children.
